Dear Sir:

RE: INTELLIGENCE OR RADICAL BRANCH
CHICAGO OFFICE.

I am not thoroughly satisfied and have not been for some time with things in general of certain agents who have been assigned specifically in the Intelligence branch of this office.

I would rather have a personal conference with you concerning this matter than write to you about it.

I presume it will not be very long until I will have a personal conference.

I would like to have taken this matter up with you several months ago but for certain reasons it was considered better not to make any changes until at least the close of the senate sub-committee investigating charges filed of alleged illegal practices of the Department of Justice.

I take this occasion to write you this letter to be on record as not being satisfied with that particular branch of this office.

Very truly yours,

Edward J. Brennan

Dear Sir:

I have your letter of the 18th instant,

I have carefully noted your statements,
and you can be assured that the Bureau will heartily
cooperate in the direction requested by you.

MR. LEWIS J. BAILEY,
Chief, Bureau of Investigation,
Department of Justice,
Washington, D.C.

Dear Sir:

I am enclosing you herewith a copy of a letter addressed by me to each Special Agent in Charge of the District offices of this Division under date of April 9, 1921; also a copy of a letter addressed by me to each agent attached to this Bureau in this Division on the same date.

The object of my letter was to receive a reply from each and every agent or employe working under my direction in this Division to Paragraph 4 of my letter to these agents.

You have undoubtedly heard during past years where some agent - particularly at the change of an administration - would state that they "never have a chance to learn anything" that they "never received a Criminal Code Book" or that "no one has ever attempted to teach anything about the bureau" to them, etc. etc. This leaves a bad impression, of course, with persons most of whom are officials in the department, of the agent's superiors.

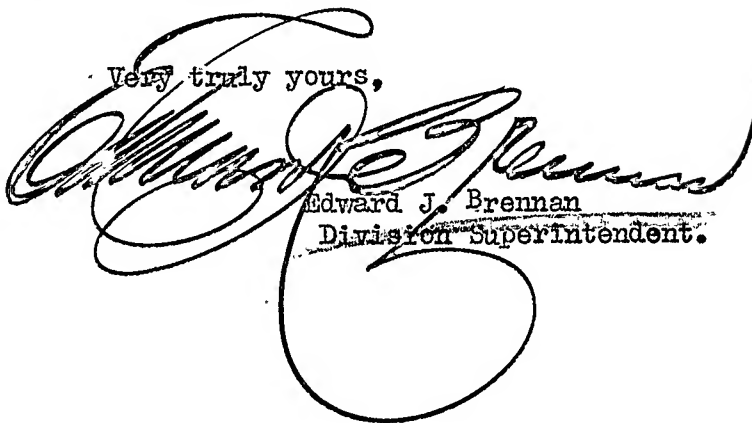

I am also enclosing herewith (in a book form) original letters received from each and every Special Agent in Charge and Special Agent or Special Employe attached to the Bureau working in Division #5 and under my direction. Each and every one of these letters shows that the agent has received, read and studied the Criminal Code book, compilations of important data prepared by me here and other books and papers all of which they acknowledge as having done them a wonderfully lot of good in their work. I have all of them on record and there is no employe in Division #5 can truthfully say that he has not had a chance, or that his attention has never been directed to certain

important things that he should know in order to be a first class highly efficient Special Agent of this Bureau.

Of course I do not expect you to read all this data but one or two of the letters would give you a general idea.

Please return the enclosed as soon as it has served its purpose, and oblige,

Very truly yours,

A large, stylized handwritten signature in dark ink, likely belonging to Edward J. Brennan, is written over the typed name and title. The signature is fluid and cursive, with a large loop at the end.

RE: OFFICE SPACE CHICAGO

MR. LEWIS J. BAILEY,
Chief, Bureau of Investigation,
Department of Justice,
Washington, D.C.

Dear Sir:

During the time that I have been Division Superintendent here in Chicago, I have had considerable trouble in retaining the office space of the local office of this Bureau at Chicago, Illinois. I will not bother you with the details and difficulties I have experienced all this time as I am certain you are fully aware of my position.

There is a so called unit - Intelligence branch Revenue Department; I do not know what they do and I don't believe anybody else does, and it is my opinion that they are the fifth wheel of the wagon, however, every time that they have an extra man come to Chicago they run to the custodian and complain about the spacious rooms we have and start a controversy and keep us forever trying to hold on to our rights. They are at present occupying two or three rooms on the eighth floor of this building which have been assigned to the office of the United States Attorney. They are at present and have been occupying these rooms through the courtesy extended to them by the United States Attorney.

Mr. A. C. Ernshaw, Special Agent in Charge of that Intelligence unit of the Revenue Service, called on me twice this week requesting that I would give up one or two of the offices of this bureau. I told him frankly that I could not and would not.

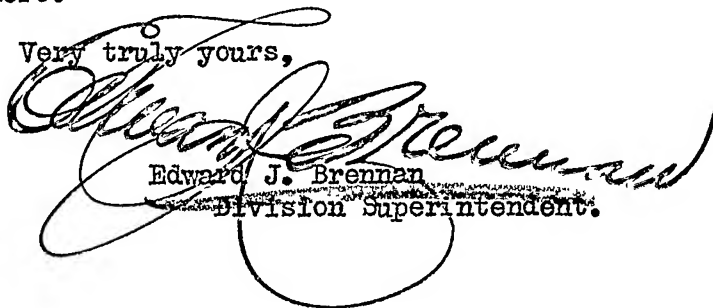

The object of my letter is to advise you in advance of any communication that you might receive concerning this matter at Washington, because I am very much under the impression that he is going to take the matter up through his superior officers at Washington in the Treasury Dept. and will probably be referred to the Attorney General's office.

131

We need all the office space that we have now assigned to us at Chicago and under no circumstances do we want any other bureau to share space with us.

I wish that you would please keep this in mind and be ready to back me up and fight it out at Washington and I will take care of the local end here.

Very truly yours,

RE: SPECIAL AGENT JOSEPH POLEN &
SPECIAL AGENT WALTER G. WALKER

MR. LEWIS J. BAILEY,
Chief, Bureau of Investigation,
Department of Justice,
Washington, D.C.

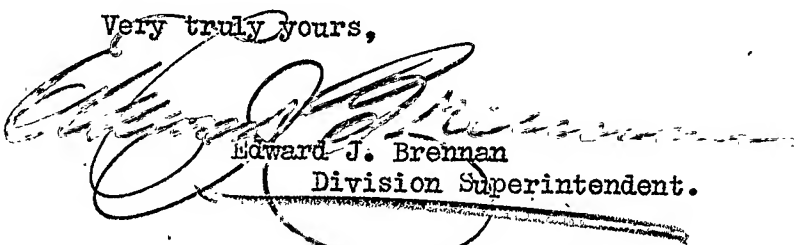

Dear Sir:

Special Agent Joseph Polen is in my opinion an agent that would class with the \$6.00 a day agent of the Chicago office. He at present receives \$7.00.

Special Agent Walter G. Walker is, in my opinion, one of the best all around agents in the bureau today. His per diem is \$7.00 a day.

On account of the present reorganization and readjustment of things I think it would be well, and recommend that Special Agent Polen's per diem be decreased from \$7.00 to \$6.00 and that Special Agent Walker's be increased from \$7.00 to \$8.00.

MR. LEWIS J. BAILEY
Chief, Bureau of Investigation

Dear Sir:

After very careful consideration covering a period of many months, I have come to the conclusion and it is my opinion that for the good of the service it would be well to have a more competent man in charge of the Milwaukee office of this division.

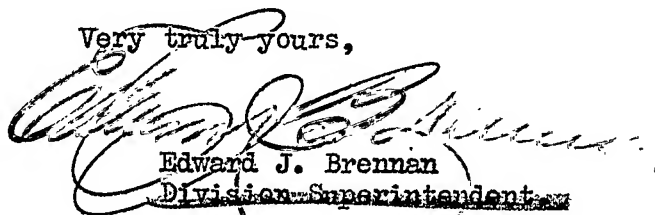

I do not mean by this that the services of Special Agent Stroud should be dispensed with nor do I recommend that he would be transferred out of the Milwaukee office for reasons referred to in my letter of December 27, 1920, (particularly the first paragraph page 2 of said letter which is incorporated herewith):

"To be very frank and to the point I will say that if it had not been for Stroud catching certain individuals in Milwaukee in bribing Federal officials, including himself, I would have recommended to you to either have him transferred from this division or grant me the authority to put someone in his stead who would carry out the rules and regulations, and the policy of the Bureau and the Department. If we should make this change now he would be probably just the one that would tell the public that the reason for his transfer or demotion was on account of his activities in catching the so-called bribers, who probably had some influence."

It is my opinion that on account of the present reorganization and readjustment of the Bureau it would be an opportune time to assign some competent agent as Special Agent in Charge of the

Milwaukee office thinking probably that you have some agents throughout the country who are competent to direct the work of an office of the Bureau such as Milwaukee.

MR. LEWIS J. BAILEY,
Chief,
Bureau of Investigation
Dept. of Justice,
Washington, D.C.

Dear Sir:

We need in the Chicago office particularly and have been needing very much an agent of Italian descent who can speak the Italian language fluently and can read write and translate it accurately. We have had several operations out of this office which should have been conducted by an agent having these qualifications and have been handicapped in not having the services of such an agent.

I have been extremely skeptical in recommending the employment of any particular applicant or prospective agent of this character for many reasons and must say at the present writing I have no one in mind.

In the event that you agree with me and can furnish me with an agent having these qualifications please have him report to us here as soon as convenient. In the event that you have no agent having those qualifications and you approve of my requisition authority is requested for me to employ a person of this kind after having, of course, thoroughly investigated him as to his character and qualifications.

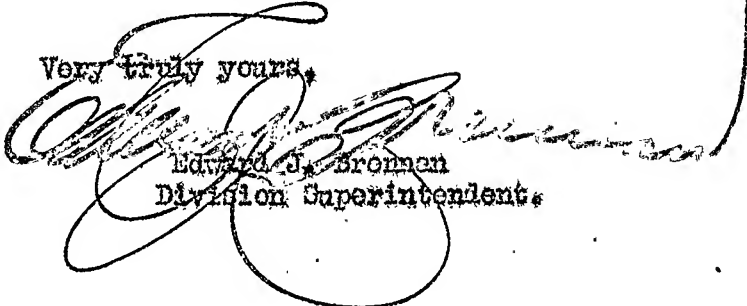

In this connection and in passing I will say that I have been advised and am under the impression that former Special Agent Hugh G. Garber while an American born citizen not of Italian descent speaks fluently and can read, write and translate the Italian language.

I understand that Mr. Garber is very anxious to return to the bureau and has made application to be reinstated as a special agent in the bureau.

To be very frank and to the point I do not hesitate to state that I would much rather have an agent having the qualifications of Mr. Garber or any other person of similar character and qualifications whom we could work on almost anything at any time and have the benefit of his services all the time than some person who could only be used on a particular kind of investigation and who would be practically idle the rest of the time. In the event that we would have an investigation here which would have to be handled by an Italian and none other we would be in a very good position to handle the situation having an agent who could converse fluently with persons or informants whom we might be obliged to employ to endeavor to do the work.

I would thank you for an expression of your views on this subject.

Edward J. Brennan

Dear Sir:

Acknowledge receipt of your letter of April 20, 1921, initialed JTS-HEJ requesting me to recommend some special agent to succeed Special Agent in Charge Kelly of Butte Mont. whom you desire to transfer from Butte on account of the altitude there which is injuriously affecting the health of Special Agent Kelly's wife.

Agents attached to this division who are thoroughly familiar with the I.W.W. situation which knowledge is highly important for a Special Agent in Charge at Butte do not desire to accept transfer to that point.

I have never met Special Agent D.F. Costello of the Spokane office but judging from his reports and from casual inquiry I am of the opinion that it is more than likely that he would be competent to fulfill the office at Butte.

I do not know whether or not Claude McCaleb, who was at one time attached to the San Antonio, Texas office, is still in the service of the Bureau but from what I have learned concerning McCaleb I am also of the opinion that he would be competent.

Dear Sir:

Following your personal call at the Bureau, it was developed that the services of Special Agents of the Bureau are not available for the special assignment you desire owing to the fact that our reduced appropriation has decreased the Bureau force to such a point that its investigative work will not permit the granting of leave of absence to the kind of men you desire.

In line with your first suggestion, I would state that among former Special Agents of the Bureau who may be found available for the investigative work you have in hand are the following:

Earl C. Houck, Terre Haute, Ind.

Associated since his resignation from the Bureau with certain work at Indianapolis in the United Coal Miners case under the direction of former Justice Hughes.

A. E. Hayes, Charleston, W. Va.

John W. Kelly, Merna, Nebraska.

Dear Sir:

I am enclosing you herewith copy of a letter dated Milwaukee Wisconsin, March 16, 1921, signed Henry H. Stroud Special Agent in Charge. Also a copy of a letter dated Milwaukee, Wis. March 16, 1921, addressed to Mr. Henry H. Stroud, signed H. A. Sawyer, United States Attorney.

I am also enclosing you herewith a carbon copy of a letter I addressed today to Special Agent in Charge Stroud concerning this matter.

The particular reason that I am forwarding you copies of these correspondence is on account of receiving Bureau letter dated December 23, 1920, regarding the activities of Special Agent Stroud on the enforcement of the Prohibition laws (copy of which is also hereto attached).

In this connection I desire to state that United States Attorney Sawyer has been harping on investigations of this character in Milwaukee for many months - that I received a similar request in the same manner some months ago and directed Special Agent Stroud to take up with Mr. Sawyer and advise him to refer all matters of this sort to Special Agent Madden, Internal Revenue Department Room 859 Federal Bldg., Chicago, Ill. which, as I understand, was done.

I was advised by Mr. Madden that two agents were sent from his office to confer with United States Attorney Sawyer

MAR 19 1921

86

C.R.K.

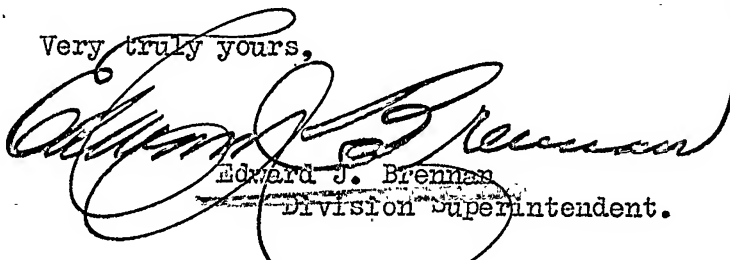

at that time and that the information that Mr. Sawyer had was so vague and indefinite on the matter - nothing more or less than suspicion and that it would take the work of at least two agents for probably six months without much of a chance to obtain the desired result they having no leads or in other words no absolute evidence that there had been a crime committed. It was for this reason that the agents were withdrawn from the investigation.

If the Prohibition Enforcement force in Milwaukee or any other place is crooked it is my opinion that it is about time that this should be called to the attention of the new Secretary of the Treasury and the new Commissioner of Internal Revenue, and that if U. S. Attorney at Milwaukee or any other place has any reliable information (other than mere suspicion) or evidence it should be transmitted to the Honorable Attorney General and not have or compel this Bureau to conduct what might be termed an unnecessary investigation particularly when there is at present in existence a unit in the Revenue Service just for that purpose.

It is my opinion that it is only the same old rumor as is in most all cities with reference to the National Prohibition Enforcement Force.

At this time I will say that I do not approve of the Milwaukee office conducting or making this investigation however, I am forwarding you the correspondence requesting to be advised in the premises.

MR. H. H. STROUD,
Postoffice Box 663
Milwaukee, Wis.

Dear Sir:

This is to acknowledge receipt of your letter of March 16, 1921, enclosing and referring to original letter addressed to you from U. S. Attorney Sawyer under date of March 16, 1921, requesting your services to conduct under his direction an investigation of activities of members of the Police Department of the City of Milwaukee and more than likely members of the Prohibition Enforcement Force and others, whose names are not given, whom it appears may have violated the Volstead or National Prohibition Act.

Your attention is directed to Bureau circular letter #68 (Amendment to Bureau circular letter #54) dated August 30, 1920.

In this connection referring to Mr. Sawyer's letter, I will quote an excerpt as follows:

" - - - - For such purpose it is impossible for this office to use the services of any one connected with the Prohibition Enforcement office because reports indicate that persons connected with the enforcement office are likely to be involved."

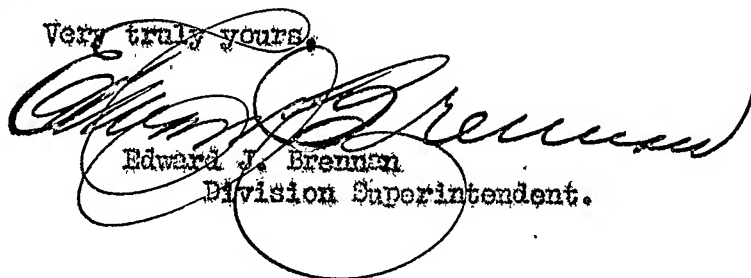

I now direct your particular attention to the last paragraph of Bureau circular #68 dated August 30, 1920, wherein agents and special agents in charge of this Bureau should furnish the Division Superintendent a written report in triplicate which will be, in turn forwarded by the Division Superintendent to the Chief of the Bureau in duplicate so that it may be referred

to the proper official for appropriate attention, - in this case the Commissioner of Internal Revenue.

Please comply with Bureau instructions concerning these matters.

In passing I might say that at this time I do not approve of the Bureau office at Milwaukee conducting this investigation as there does not seem to be an emergency and more particularly for the reason that I know that there is ~~an~~ organized within the Internal Revenue Department a picked force of absolutely honest capable and efficient agents whose duties are expressly for the purpose of conducting investigations of this kind. However, I am forwarding a copy of your letter together with a copy of U. S. Attorney Sawyer's letter to the Bureau at Washington. In the meantime it is suggested that you would advise Mr. Sawyer that he should communicate at once with Mr. A. C. Earnshaw, Special Agent in Charge Intelligence Unit Internal Revenue Bureau, 859 Federal Bldg., Chicago, Ill. Mr. Earnshaw has succeeded Mr. Hadden and has a force here as large as ~~ours~~.

Dear Sir:-

Enclosed you will find original letter that the writer has just received from Mr. H.A. SAWYER, U.S. District Attorney for the Eastern District of Wisconsin, which is self-explanatory.

I might add in addition to Mr. Sawyer's letter that conditions here at the present time between the local police authorities and the executives of the city are very tense. The Federal Grand Jury for the Eastern District of Wisconsin will convene on Tuesday, March 29th, The U.S. Attorney is very desirous that something be done immediately along the lines suggested or intimated in his letter. If authority is to be granted that the writer take charge of the investigations referred to that the same be expedited as you will note we have about ten working days prior to the convening of the Grand Jury.

Very truly yours,

HENRY H. STROUD
Special Agent in Charge.

March 16, 1921.

Mr. H.H.Stroud,
Bureau of Investigation,
Milwaukee, Wisconsin.

Dear Sir:-

Mayor Hoan has recently been conducting an investigation of activities of members of the Police Department of the City of Milwaukee, as a result of which several officials, some of them of high rank, have been dismissed from the service. Mayor Hoan and his aides called to the attention of this office some of the facts developed by him which indicate that members of the Police Department have been engaged in or connected with violations of the Prohibition Act and perhaps other federal statutes. The situation called to the attention of this office by Mayor Hoan is one which necessitates immediate further investigation. For such purpose it is impossible for this office to use the services of any one connected with the prohibition enforcement office, because reports indicate that persons connected with the enforcement office are likely to be involved. It is necessary that some one familiar with the local situation should have charge of this investigation, and I, therefore, earnestly request that you make an effort immediately to procure authority to at once take charge of this investigation under the direction of this office.

Respectfully,

H.A.SAWYER
U.S. Attorney.

Dear Sir:

In the event that it becomes absolutely necessary to use an agent from this division the only office that I can see that it could be possible to spare an agent from would be the Milwaukee office - either Special Agent in Charge Stroud, Special Agent Sawyer or Special Agent Harris.

In the event that further reductions are made in the Bureau the only place that we can possibly get along without an agent would be either the Milwaukee or St. Paul offices.

Very truly yours,

Feb. 25, 1921.

MR. LEWIS J. BAILEY,
Chief, Bureau of Investigation,
Department of Justice,
Washington, D.C.

Dear Sir:

Referring to attached copy of bureau letter dated Feb. 21, 1921, initialed CLK, concerning the assignment of Special Agent Walter G. Walker of this office to the Heitler case here, I am satisfied that if you had dictated this letter that you would have addressed it to me or Special agent in Charge Rooney.

I trust that the enclosed letter from Special Agent Walter G. Walker of Feb. 24, 1921, for the Attention of CLK will be a satisfactory explanation.

There has been a condition here that I have been wanting to call your attention to for some time. I did not care to write thinking that I could explain better and more satisfactorily verbally. The last time that I was in Washington I had it in mind but it slipped my memory and, as I will probably not see you or the Director before the new administration I think it would be well to advise you at this time that you may be able if you concur and agree with me, to take the matter up with the incoming Attorney General.

It has been a practice here in Chicago (I do not know of any other district where it has been done - I know that it never has been the practice in offices or districts where I have been in charge before) to appoint Special Agents of the Bureau to act as Assistants to the United States Attorney.

After careful consideration I would suggest for the

benefit of the Bureau, that you take the matter up with the incoming Attorney General and request that appointments of special agents of the Bureau as Special Assistants to the U. S. Attorneys would not be made - at least not promiscuously to certain U. S. Attorneys offices.

When I took charge of this office in July 1919, there were a half dozen agents practically "hidden out" or as I named it "in the rafters" (the rafters is the 8th or top floor of the federal building at Chicago, most of which is occupied by the U. S. Attorneys offices). Half of these agents were appointed Special Assistants to the U. S. Attorney doing work that Asst. U. S. Attorneys should do - receiving no compensation from the appropriation for U. S. Attorneys and their assistants but being paid from the appropriation "Detection & Prosecution of Crime" which is appropriated for the maintenance of this bureau.

I succeeded in a short time in convincing the United States Attorney's office that agents were agents and were expected to do agent's work and not to perform Assistant U. S. Attorneys services.

I have three very competent agents in this office, namely, Walter G. Walker, Max F. Burger and Thomas J. Howe; all three have appointments as Special Assistant to the U. S. Attorney for the Northern District of Illinois at Chicago (copies of their appointments are hereto attached).

Most every time that there is an extraordinary case originating here in the U. S. Attorney's office and which involves upon this bureau or Department to make the necessary and essential investigation, the U. S. Attorney has the agent investigating the case appointed a Special Assistant and practically throws the responsibility and everything else on him - steps out and the Assistant U. S. Attorney who should have been assigned to the case has a chance to take care of his private practice, etc.

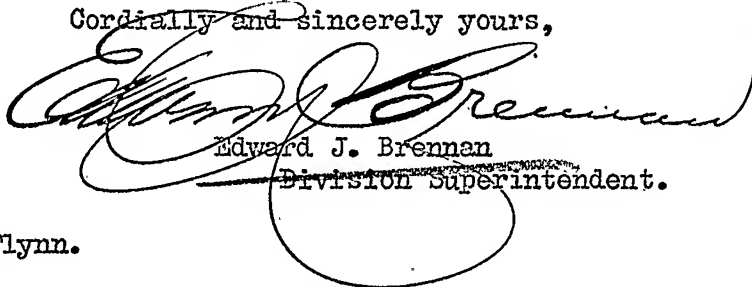

There have been very important and extraordinary postoffice cases, custom cases and other cases investigated prepared and prosecuted to a successful end where the investigative agent was not and could not be appointed Special Asst. U.S. Attorney, thus showing that they could just as well handle the legal end in extraordinary cases that are involved upon this bureau to investigate without appointing our agents as assistants.

There have been times where agents under these circumstances have been in a rather embarrassing position. For illustration - on one or two occasions that I recall myself the Special Agent in Charge could not very well command the agent to perform certain duties in the evening or at night for the reason that the agent was tied up because of the fact that he was doing Special Assistants work.

Up to this time I have no particular complaint to make as to the part taken by the agents in the Chicago office with regard to appointments given to them but I am inclined to think and I believe that you will agree with me that it is more than likely that agents receiving these appointments throughout the country might abuse the privilege to the detriment of the Bureau.

If entirely consistent I would thank you to please give me an expression of your views on this subject.

Cordially and sincerely yours,

Edward J. Brennan
Division Superintendent.

To guard against mistakes or delays, the sender of a telegram should order it REPEATED, that is, telegraphed back to the originating office for comparison. For the half the unrepeated telegram rate is charged in addition. Unless otherwise indicated on its face, THIS IS AN UNREPEATED TELEGRAM AND PAID FOR AS SUCH. Consideration whereof it is agreed between the sender of the telegram and this Company as follows:

1. The Company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery, of any UNREPEATED telegram, beyond the amount paid for sending the same; nor for mistakes or delays in the transmission or delivery, or for non-delivery, of any REPEATED telegram, beyond fifty times the sum received in sending the same, unless specially valued; nor in any case for delays arising from unavoidable interruption in the working of its lines; nor for errors in cipher or obscure terms.
2. In any event the Company shall not be liable for damages for any mistakes or delays in the transmission or delivery, or for the non-delivery, of this telegram, whether caused by the negligence of its servants or otherwise, beyond the sum of FIFTY DOLLARS, at which amount this telegram is hereby valued, unless a greater value is stated in writing hereon at the time the telegram is offered to the Company for transmission, and an additional sum paid or agreed to be paid based on such value equal to one-tenth of per cent. thereof.
3. The Company is hereby made the agent of the sender, without liability, to forward this telegram over the lines of any other Company when necessary to reach its destination.
4. Telegrams will be delivered free within one-half mile of the Company's office in towns of 5,000 population or less, and within one mile of such office in other cities or towns. Beyond these limits the Company does not undertake to make delivery, but will, without liability, at the sender's request, as his agent and at his expense, endeavor to tract for him for such delivery at a reasonable price.
5. No responsibility attaches to this Company concerning telegrams until the same are accepted at one of its transmitting offices; and if a telegram is sent to such office one of the Company's messengers, he acts for that purpose as the agent of the sender.
6. The Company will not be liable for damages or statutory penalties in any case where the claim is not presented in writing within sixty days after the telegram is sent with the Company for transmission.
7. Special terms governing the transmission of messages under the classes of messages enumerated below shall apply to messages in each of such respective classes in addition to all foregoing terms.

RE: SAINT PAUL DISTRICT

Dear Sir:-

I beg to acknowledge receipt of your letter of February 16th, 1921, initialed JTS:HEJ concerning the Tri-Monthly Administrative report of Special Agent James H. Daly for February 1-10, 1921.

From the Administrative reports submitted by the St. Paul office for February 1-10, 1921, it would appear that the present volume of Bureau business in that district does not warrant the retention of the present force of Agents there. Basing the work in that district on these reports, I recommend that the services of either Special Agent in Charge Skelly, Special Agent Daly or Special Agent Murphy be dispensed with.

I have given very close and careful consideration to the Administrative reports submitted from the St. Paul and other offices in this Division and called their attention to matters referred to therein from time to time when I thought it was necessary. I have had offices render me their "Daily" investigative reports for from thirty to sixty days at a time in order that I might have a better opportunity to know just what was being done, how they were doing it and the necessity for same, in fact, getting a detailed explanation from each and every Agent in this Division.

It was after very careful consideration, particularly as to the vast territory covered by the St. Paul office, namely: all of the State of North Dakota, all of the State of Minnesota and one-half of the State of Wisconsin; the population of the cities of St. Paul and Minneapolis and vicinity--three-quarters of a million; the lumber and iron industries having had so much trouble

-2-

with the I.W.W.s in that section that I concluded that in order to attempt to cover that district in any efficient manner, it would take, even below normal times, the greater portion of the time of at least three competent Agents.

I am inclined to believe that you will concur with me and would not reduce the force in that district or any other district unless, as I wrote you on February 14th:

"* * * * *In the event that it becomes absolutely necessary that if further reduction is imperative and will have to be made in order to pay those who are retained in the Bureau during the latter months of this fiscal year. * * * * *"

It is for this reason and for this reason alone that I make the above recommendation.

Dear Sir:

Reference is made to your letter of the 10th inst., initialed JTS-F concerning the failure of the following named special agents working in this district to submit their tri-monthly administrative reports for periods as set forth therein.

A. G. Jamie	January
A. H. Loula	January
Jacob Spolansky	January
W.G. Walker	December
L. T. Plummer	December 1-10

In connection therewith I respectfully beg to advise that our records indicate that all of these agents with the exception of Agent Walker had transmitted to your office their tri-monthly administrative reports to date.

When the matter of Agent Walker's failure to transmit said reports for the month of December was called to his attention he explained that he really had no valid excuse to offer, but stated that he would see to it henceforth that an omission of this kind did not occur. Attached hereto please find his administrative reports for the month of December.

Special Agent A.G. Jamie explains that his tri-monthly administrative report for the period January 1 to 11 was forwarded to you on January 14 and the reports covering from the 11th to the 20th, and from the 21st to the 31st were submitted to you the early part of this month.

Special Agent A. H. Loula explains that his tri-monthly administrative reports for the month of January were dictated by him on January 31st and submitted to you on that date.

Special Agent Jacob Spolansky explains that his tri-monthly administrative report for period from January 1st to 10th was submitted to you on January 17th, and subsequent administrative reports

for that month, 11th to the 20th, and 21st to 31st were submitted to you on February 8th.

Special Agent Lorenzo W. Plummer explains that his tri-monthly administrative report for period from December 1st to 10th inclusive was submitted to your office about the 12th of December.

However, for your convenience, I am attaching hereto copies of the administrative reports of the last named four agents. Further, I desire to state that all of these agents, I believe, fully realize the necessity of the prompt submission of their tri-monthly administrative reports, and that in the future you will have no occasion to again call their attention to this matter, and I may, I believe, state safely, or any of the other agents connected with this office.

Regretting any annoyance occasioned in this matter, I beg to remain

Dear Sir:

I have your letter of the 8th instant in re absence of employees. Your policy of disposing of these cases as stated in your letter is heartily approved.

Under the law a person in Federal employ who is absent from duty can only be compensated for the time lost by charging the same to annual leave if any such leave remains unexhausted, or in case of sickness upon filing of the proper affidavit if the absence does not cover a period longer than three days, or by a physician's certificate which upon approval will be sufficient to permit the employee to have sick leave not in excess of thirty working days during any calendar year. When annual leave has been exhausted and a proper certificate or affidavit cannot be obtained in case of absence due to alleged sickness then the Bureau should be promptly notified of the length of time the employee has been absent so that the records may be marked "absent without pay".

Under the rules of the Department an employee who makes it a practice to remain absent for trivial reasons attributed to illness

may, in the discretion of the proper administrative officer, be charged with annual leave for such absence. This rule was made to meet the practice of those employees who are inclined to impose upon the Government and gain for themselves not only full annual leave with pay but also use the thirty days sick leave allowed by law for their own recreation and profit when their absence is not in fact due to physical incapacity.

Very truly yours,

Chief.

Dear Sir:

The question has arisen from time to time as to the proper and correct way in reporting and charging leave where employes are absent on account of it being absolutely necessary that they should be present at home attending to the wants of their sick brother, sister, or parent.

Heretofore when an attache of this office was absent under these circumstances we allowed, approved, and charged such against his or her annual leave.

We have no available Agents here. We have not enough to do the work and do it efficiently. The same can be said as to the stenographic force, and I of course would not allow or approve any annual leave except under these circumstances.

Two or three of the stenographers have been absent on account of it being absolutely necessary for them to attend to the sick wants of their near relatives. Upon their return I will forward annual leave slips with copy of their report explaining.

Would thank you for an expression of your views in the matter.

Dear Sir:-

It gave me genuine pleasure to read this morning a letter from Division Superintendent Brennan, in re U.S. vs. William Brins, et al. I have carefully noted the Grand Jury report under date of the 21st instant in which you and Special Agent Rooney were highly commended for the excellent work in connection with the investigation and the procuring of indictments in the matter of alleged mill-men's agreement to control prices.

I have also noted the statement made by Division Superintendent Brennan of his high estimate of the excellent work you performed in the case. It is indeed gratifying to know that the good work of our Special Agents is recognized, and I want to extend to you in the present instance the congratulations of the Bureau.

Very truly yours,

Chief.

U. S. BUILDING RING INQUIRY

47 TRUE BILLS OPEN U. S. FIRE ON BUILDERS

Material Firms and Union Heads Hit.

District Attorney Clyne promised a federal investigation of the entire building industry last night, following the indictment of forty-seven mill men, union labor officials, and contractors, on charges of violating the anti-trust section of the Sherman law. The indictments were returned before Judge Carpenter in United States District court.

In a special report the retiring jurors characterized building conditions in Chicago as deplorable and recommended a thorough investigation of the whole building trades industry.

An agreement entered into by the mill men, carpenter contractors' association, and members of the building trades in 1918, formed the basis for the grand jury action. This provides that only union made materials be used on jobs done by union labor.

Monopoly Is Charged.

The grand jury charges that "the defendants manufacture practically all of the building material manufactured in Chicago, and in order to monopolize the business of supplying builders and building contractors in Chicago with such building material, and to secure excessive prices for their building material, they engaged in a conspiracy among themselves and with the union and contractors."

"That as a direct result of the conspiracy many manufacturers of building materials outside of Chicago were excluded from this market, in which they had sold materials for years prior to the spring of 1918."

Has Effect on Rents.

Government agents declared the alleged combination had driven \$50,000,000 worth of outside business in mill work alone from Chicago in the last three years. This has cost renters from \$2,000,000 to \$5,000,000 a year in increased rentals, they said.

Leading the list of indicted labor leaders are William F. Brims, president of the carpenters' district council, and F. C. Bromley, business agent of the carpenters' union. Other business agents are also named.

The following contractors were indicted: D. H. Doyle, A. C. Wehrwein, Frank E. Doherty, William J. Scown, Frank M. Stressenreuter, T. J. McGinnis.

Manufacturers in List.

The manufacturers indicted are:
Andrews Lumber and Mill company, 1707 Cedar avenue; W. A. Griffin, 1000 North Dearborn street; B. W. Hartmann company, 619 North Dearborn street; B. W. Hartmann company, 619 North Dearborn street; Beck, Coal and Lumber company, 1000 North Dearborn street; B. W. Hartmann company, 619 North Dearborn street; California Lumber company, 2243 South Troy street; Frank Parham, 1000 North Dearborn street.
Chicago and Nevada Lumber company, 1000 North Dearborn street; One Hundred and Thirty-sixth street; S. Canby and Street H. L. Doherty, 4017 Commercial; Sash and Door company, 4017 South LaSalle street; H. C. DeWitt, 1000 North Dearborn street.
A District company, 1010 Sherman street; A. Dietrich, Jr., president; Park & Collins, Sash and Door company, 1000 North Dearborn street; Vincent Doherty Sash and Door company, 1000 North Dearborn street; Theodore Kalliedel, president.
Melrose Mill company, 5707 Cuyamaca ave.; H. C. DeWitt, 1000 North Dearborn street; William Morris & Sons, 1000 West Fifty-sixth street; Harry Morris and William Morris, 1000 North Dearborn street.
Nollan & Wolf Manufacturing company, 1711 Fullerton avenue; Arthur Root, president.
C. R. Peterson company, 4014 Westworth street; John Wentberg, president.
F. D. Binn company, Division and Crosby street; F. D. Binn company, 1000 North Dearborn street.
South End, 1000 North Dearborn street.

(Continued from first page.)

Chicago market to outside building materials. Chicago mill owners, they said, could manufacture only about 80 per cent of the materials needed. This resulted in shooting materials up from 200 to 300 per cent in price.

Government agents said the cost of the interior decoration of a five room bungalow jumped from \$225 in 1917 to \$720 in 1920 as a result of this. The builders of the Drake hotel, it was said, could have saved \$100,000 on their millwork but for the agreement.

Rule Enforced by Unions.

Scores of labor disputes, strikes and threats to stop work on buildings immediately unless union made materials were used, were caused by the alleged combination. Whenever nonunion materials were carted to buildings where union labor was employed the workmen immediately threw down their tools, it is said. In some cases contractors were boycotted in an effort to create a complete monopoly, federal men assert.

Trickery, petty graft, and conspiracy entered into the case, federal agents said. They declared that in scores of instances certain concerns imported nonunion made materials and bribed union business agents to stamp them as union made. These were then sold to contractors at from 200 to 300 per cent profit.

Another alleged trick was an agreement whereby contractors received a 15 per cent trade discount from Chicago mill owners. This operated to eliminate the property owner, as he could not purchase materials against such competition.

The indictments yesterday hit only manufacturers of interior finishings. District Attorney Clyne declared, however, that before he has finished every phase of the building industry from the manufacture of shingles to the making of bricks in the foundation will be investigated.

RE: U.S. vs WILLIAM BRIMS ET AL
Violation Section 1 of the Act of 1902,
(Commonly known as the Sherman Act.)

Dear Sir:-

It is extremely gratifying to me to be able to advise you of the successful investigation made by Special Agents Thomas J. Howe and James D. Rooney, of this Chicago office, of a conspiracy among the Mill-men's Association--manufacturers, contractors and Labor Unions,--to violate the above mentioned Section of the Sherman Act.

I am enclosing a clipping of the Chicago Tribune of this morning's issue on this investigation.

The Grand Jury returned on yesterday, Friday, January 21, 1921, indictments against;

25 manufacturers
6 contractors
<u>16 Labor Union officials</u>
47 individuals
<u>21 corporations</u>
68 TOTAL

The excellent work of these two Agents is commendable and I am very pleased to have the opportunity to call your attention to the services of these Agents and to incorporate herein a verbatim copy of the Grand Jury's report to the Court on the investigation of this matter and the indictments returned which reads as follows:

-2-

"Chicago, January 21st, 1921.

"We, the members of the November Grand Jury want to commend District Attorney Charles F. Clyne and his assistants Mr. Thomas J. Howe, and Mr. James D. Rooney, for the excellent work they have done in connection with the investigation and the procuring of indictments in the matter of the alleged Mill-mens agreement to control prices, and we recommend that they continue this investigation along other lines of building materials, affecting price on buildings.

"We, the Jury, feel that the outcome of such investigation will be the lowering of the price of building, thus encouraging building of homes which will bring relief in the housing conditions of this city and thruout the country."

SIGNED--All the Jurors
(Twenty-three in number)

Trusting that I will always have the pleasure of writing you in this way concerning the Special Agents and attaches of this office, and this Division, I beg to remain,

Yours very truly,

EDWARD J. BRENNAN,
DIVISION SUPERINTENDENT.

Dear Sir:-

I have your letter of the 17th instant in re Miss Edna H. CHIEF,
Bureau of Investigation,
Department of Justice,
Washington, D.C.

Dear Sir:

Beg to acknowledge receipt of your letter of January 15, 1921, initialed JTS-HEJ concerning an application of MISS EDNA H. DERBER, stenographer in the Bureau office at Milwaukee, Wis. for an increase in her salary of \$1200 per annum to \$1400 per annum, and requesting me to advise you whether I recommend an increase in her salary.

As I have already written you the Milwaukee office has given us the only trouble in this division. The special agent in charge has acted in a rather nonchalant manner with regard to the new rules and regulations having been dominated heretofore by the United States Attorney of that district, and it seems that he and some attaches of his office have done things irrespective of the rules laid down and practically disregarded the Division Superintendent of the division.

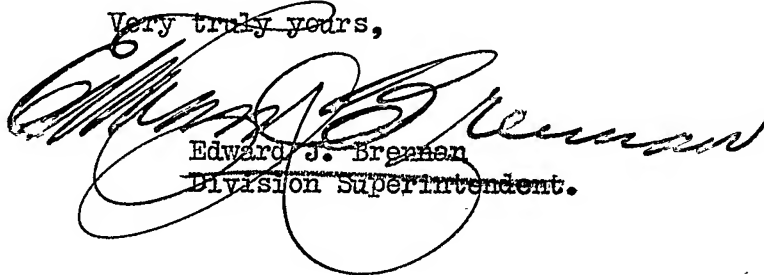

The Milwaukee office has been very fortunate in remaining intact this long and owe this fortunate condition to the heroic manner in which the very highly efficient agents of the Chicago office have rendered such valuable service thus making it unnecessary so far to draw on the Milwaukee office or for you to discontinue the services of some of the employees in that district.

It was my intention in my last recommendation in the reduction of the force in this division to let out an agent of the Milwaukee District and possibly discontinue the services of the stenographer in that office and have

Special Agent Dole take care of the stenographic work together with his duties as a Special Agent in direct charge of Visa matters of that office. It is my opinion that he does more stenographic work now than the stenographer of that office. I do not wish you to understand by this that there are too many men in ~~that~~ district or in any part of the division - there is an abundance of work in the different districts, in fact, I might say that the number of employes is below the minimum. But I do want to say that the Milwaukee office has suffered the least and that the Chicago office has stood the brunt of everything in this division, stenographers included.

As to Miss Derber's salary, of course I never am against the increase of any person's salary provided of course that they are efficient - and I certainly have not the slightest objection for Miss Derber's salary to be increased from \$1200. to \$1400. per annum but I think that it is a very bad precedent for a stenographer, particularly, to go over the head of the Special Agent in Charge of the District and the Division Superintendent of the Division, instead of going about it in the regular prescribed manner and the way in which all the other special agents employes and stenographers of the Bureau have to do and should do.

Very truly yours,

Edward J. Brennan
Division Superintendent.
